- » Based on governor's proposed funding for higher education (85% of FY15 funding level)
- » Assumes a state budget and appropriation
- » Accounts for enrollment decline
- » Plans due mid-May

BUDGET REDUCTIONS

FY17 PAYBACK:

\$8.3 million to \$11 million

- » “One-time”: paid back over 10 years
- » Based on total spending of state budgets in FY17 by unit
- » First-year based on March 31; future years on actual spend
- » Final number depends on April-June savings and FY17 stopgap
- » State or local funds can be used; approach can vary by year

FY18 BUDGET:

\$19 million

- » Permanent reductions
- » State accounts only
- » Not across-the-board
- » Vice chancellors/ chancellor have flexibility in how they apply some reductions

 - Limited approvals based on critical need to ensure \$10 million in savings
 - Pool will cover future vacation/sick leave payouts and salary increases associated with promotion and tenure
 - In addition to any other assigned cuts

THE PLAN: FY18 PERMANENT REDUCTIONS

- » Ban on travel using state funds
 - Effective immediately
 - In addition to any other assigned cuts
- » Units assigned specific cuts (PSO, partially self-supporting units, IT, law and library services)
 - Not assigned cuts in student work opportunities or equipment, supplies and contractual services
 - Vice chancellors have some flexibility and may assign additional cuts to meet goals
 - Units targeted separately because of the opportunity to generate funds, relationship to mission or different funding model

THE PLAN: FY18 PERMANENT REDUCTIONS

- » Reductions in academic and non-academic administration, campus work opportunities for students, and equipment, supplies and contractual services
 - Assigned at the chancellor or vice chancellor level for units reporting to them
 - Chancellor and vice chancellors have some flexibility to change amounts per category as long as total is met
- » Local (non-state or restricted) budgets
 - May be used to cover reductions in state budgets as long as sufficient resources are available and they do not contribute to a new or existing deficit
